Why Current?

EXPERTISE

Listening to the needs of our retail customers, we developed the first LED lighting solution for the refrigerated display lighting category in 2004. Since then, more than 1.5 million LED refrigerated display light fixtures have been installed across the globe.

RELIABILITY

At Current, we take testing to the next level. Our Six Sigma methodology is a highly detailed, intensive process that we use to put the whole LED system under the microscope. We define specific product performance upfront, and then create a solution to meet or exceed that goal.

IMMERSION™ LED LIGHTING SOLUTIONS CAN:

- Reduce maintenance expenses with a 50,000-hour rated life,
- Reduce material costs and energy usage,
- Improve the look of merchandise with a bright, uniform appearance, and
- Eliminate distracting glare.

DAZZLING PERFORMANCE FOR ANY MERCHANDISE

- Our new Visual Comfort Lens™ diffuses the light, inhibiting LED hot spots from appearing on merchandise
- Canopy and undershelf lighting solutions work together to produce seamless uniform illumination
- An adjustable clip allows for rotation of the light bar, ensuring the light will angle precisely onto merchandise and bring out the full vibrancy of product packaging
- The slim profile is more discreet than fluorescent tubes, making sure customers see well-lit products and not the light source

Brightness and light placement options

Our customized solutions let you control energy costs and the amount of light you need. See below for multiple energy savings options:

OPTION 1 - 64W:

- two light bars in the canopy
- one under each shelf

LED 64W vs. LFL 224W system

72%

ENERGY SAVINGS

OPTION 2 - 57W:

- one light bar in the canopy
- one under each shelf

LED 57W vs. LFL 192W system

71%

ENERGY SAVINGS

OPTION 3 - 28W:

- one light bar in the canopy
- maintain great coverage on all shelf facings

LED 28W vs. LFL 64W system

56%

ENERGY SAVINGS

Immersion™ RH30 Premium LED Series

ENHANCES THE LOOK OF MEAT AND PRODUCE

- With a special phosphor coating on the LED chips, RH30 Premium light bars are designed with a unique light spectrum profile which emphasize the red and green wavelengths that bring out the true appearance of color in packaged meat and produce aisles.
- Customize your solution with the RH30 product by selecting from the Standard product, Premium product, or combination of both!
- RH30 Premium offers the same simple installation and slim profile of the standard Immersion RH30 LED system.

IMMERSION RH30 PREMIUM LIGHTING COMPARISON

RH30 Premium (right) accentuates red and green wavelengths to make packaged meat, packaging and produce look fantastic.

REACH-IN CASE SOLUTION

- An innovative optic design directs light onto merchandise – where it belongs – instead of wasting it on the glass doors
- Cases achieve higher than average lux levels and up to 80% light uniformity across package facings
- The easily hidden light source eliminates distracting glare and light spillage, making aisles feel more spacious and your customers more comfortable

A SUPERMARKET CHAIN WITH 166 FRANCHISE LOCATIONS

The Situation

After evaluating lighting options from five different manufacturers, Stater Bros.' retail marketing team chose Current's refrigerated display lighting to replace the 60-watt fluorescent fixtures in freezer cases.

The Solution

- Immersion RV LED lighting system was selected to replace fluorescent lights in the frozen-food cases at nearly all of the retailer's grocery stores.
- New LED lighting from Current will help Stater Bros. supermarket chain save in annual energy and maintenance expenses as a result of retrofitting its refrigerated display cases.

"We've received great feedback from customers and store managers. Our managers tell us the new lighting really makes their products pop."

– Scott Limbacher, vice president, Construction/Maintenance at Stater Bros.

A SPECIALTY FROZEN FOOD RETAILER WITH 430 FRANCHISE LOCATIONS

The Situation

When M&M Meat Shops began to evaluate new competitive strategies, it explored various store improvement projects that would enhance their shoppers' experience, build the bottom line and could be replicated across all 430 of its Canadian franchise locations.

The Solution

- More than 150 stores have already replaced traditional T10 fluorescent lighting in vertical cases.
- Annual savings to increase considerably by upgrading 430 of its locations across Canada.

"It shows our customers we're bright, clean and modern. It's all about the 'wow' factor."

– Dianne Chalmers, Senior Manager Construction M&M Meat Shops

OPERATES MORE THAN 600 CONVENIENCE STORE/GAS STATION LOCATIONS

The Situation

In 2006, utility budgets were increasing 12-15% over a 5-year period across Wawa's 600 convenience stores. Because lighting accounted for 30% of electrical usage, Wawa needed a solution that would significantly reduce energy costs.

The Solution

- Since installation, they have reduced energy and maintenance expenses by a combined 78%, leading to **\$1.2 million** in combined annual savings – approximately **\$2,000** per store.
- Project payback of 26 to 28 months.

"Current was the right partner with the best solution who we knew would stand behind its product."

– Scott Boorse, Energy and Petroleum Operations Manager Wawa

No one understands how light transforms a shopper's experience better than your Current team. From initial consultation until long after the lights go on, we create lighting solutions that bring your store to life.

1. Discovery & Design

You receive a comprehensive, custom lighting solution from a team who truly listens to understand your specific goals.

2. Innovative Systems

You can choose from a broad portfolio, including the latest lighting technologies.

3. Seamless Distribution

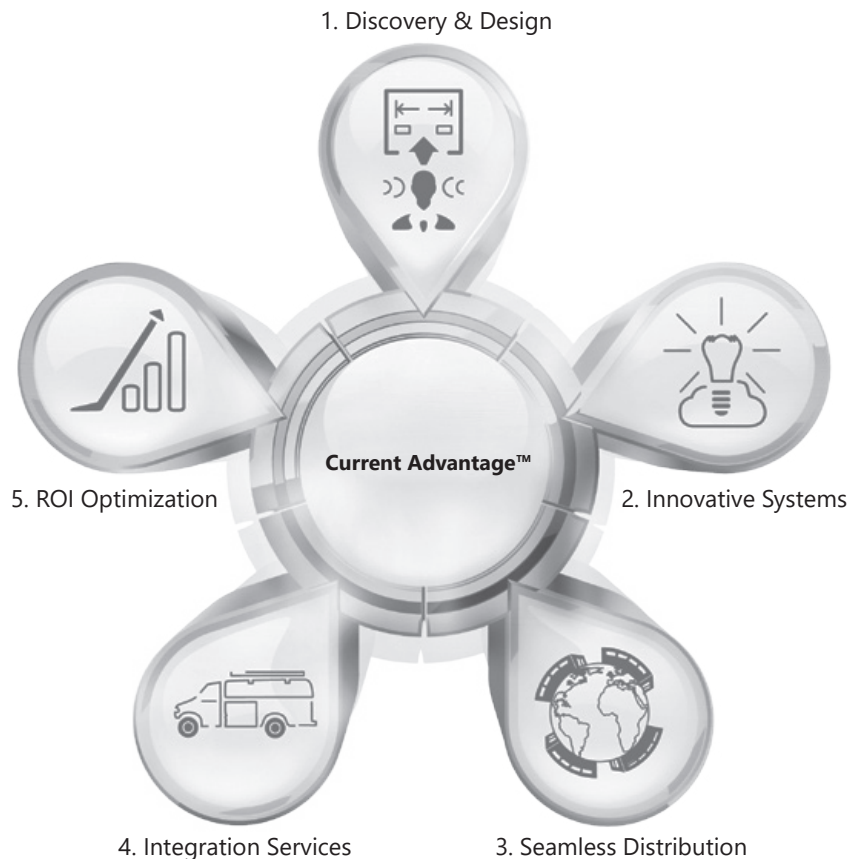

You have easy and immediate access through our national network of distributors.

4. Integration Services

You garner coordination services with a network of installers for your existing infrastructure or new construction projects.

5. ROI Optimization

You see attractive financial benefits with a plan built to deliver – we even assist with utility rebate capture and propose financing options from Current Capital.

MAKE YOUR STORE SHINE WITH THREE EASY STEPS

1. Say yes to a free lighting audit.
2. Say yes to your customized lighting solution.
3. Let Current coordinate the rest.
