# Why ProLine®

## Readily Available

Tight project deadlines can now be met with our line of products specifically geared towards servicing contractor needs and exceeding requirements defined by builders and architects.

## Contractor Grade Products

We selected products that met the fast-paced needs of our contractors without compromising on Current's quality and safety standards.

## Trusted Performance

Founded on a reputation of quality and excellence that dates back to Edison's first electric lightbulb, Current builds upon an unsurpassed expertise and trusted performance.

## Contractor Grade Products
