

Lumination[®] LDS Series

Linear Suspended

Overview

1 Daintree Wireless Controls

Daintree[®] Wireless Controls options for code compliance and additional energy savings

2 Multiple Mounting Options

Suspend or surface mount - run lengths of up to 400ft with one power drop

3 TriGain[®] Technology

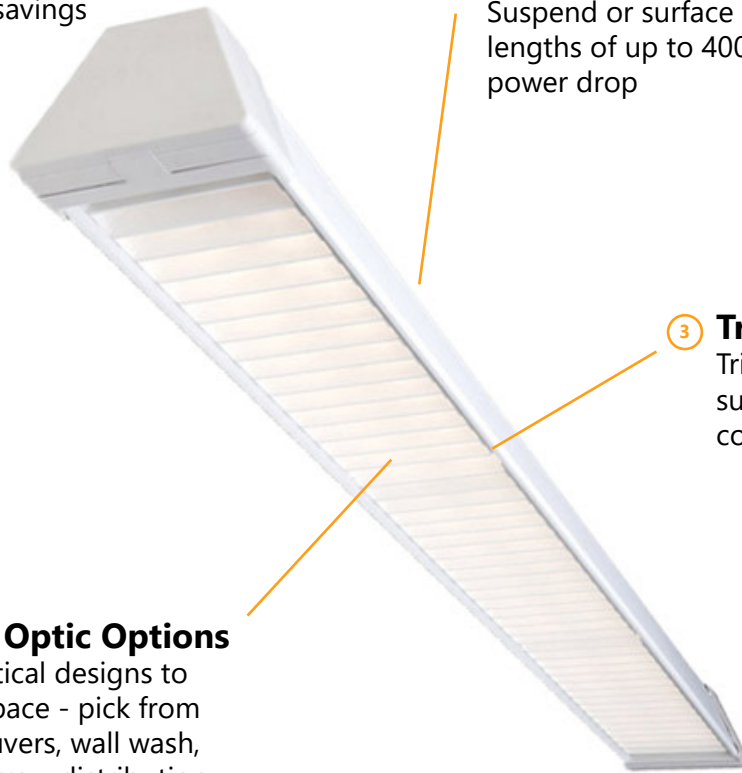

TriGain Technology provides superior color quality without compromising efficacy.

5 Multiple Optic Options

Various optical designs to light any space - pick from upright, louvers, wall wash, wide or narrow distribution

4 Quick-Connect Design

Innovative quick-connect design eliminates snaking for straight lines and helps cut installation time through fast and easy toolless installation

Innovative features, versatile design

The LDS series features an innovative mechanical design which dramatically increases installation speed while decreasing snaking along continuous designs. Featuring TriGain® Technology, the LDS Series provides best-in-class color quality which makes environments and products more appealing. Surface and suspended mounting options, a variety of optical packages, and Daintree Wireless controls make the LDS series a versatile option for a variety of application spaces.

Size: 4 ft, 8 ft

Finish: White, Black, Stainless Steel

Color Temp: 3000K, 3500K, 4000K

CRI: 83, 90 TriGain®

Distribution: Narrow, Wide, Wall Wash, Louvers, Uplight (optional)

Lumen Output: 3,400-17,000 lm

Efficacy: 105-140 LPW

Dimming: 0-10V, 10%

Sensors: Daintree EZ Connect, Daintree One, and Daintree Networked available w/ integrated sensor

Voltage: 120/277, 347V
