

ECO DISK

Surface Mount Downlight

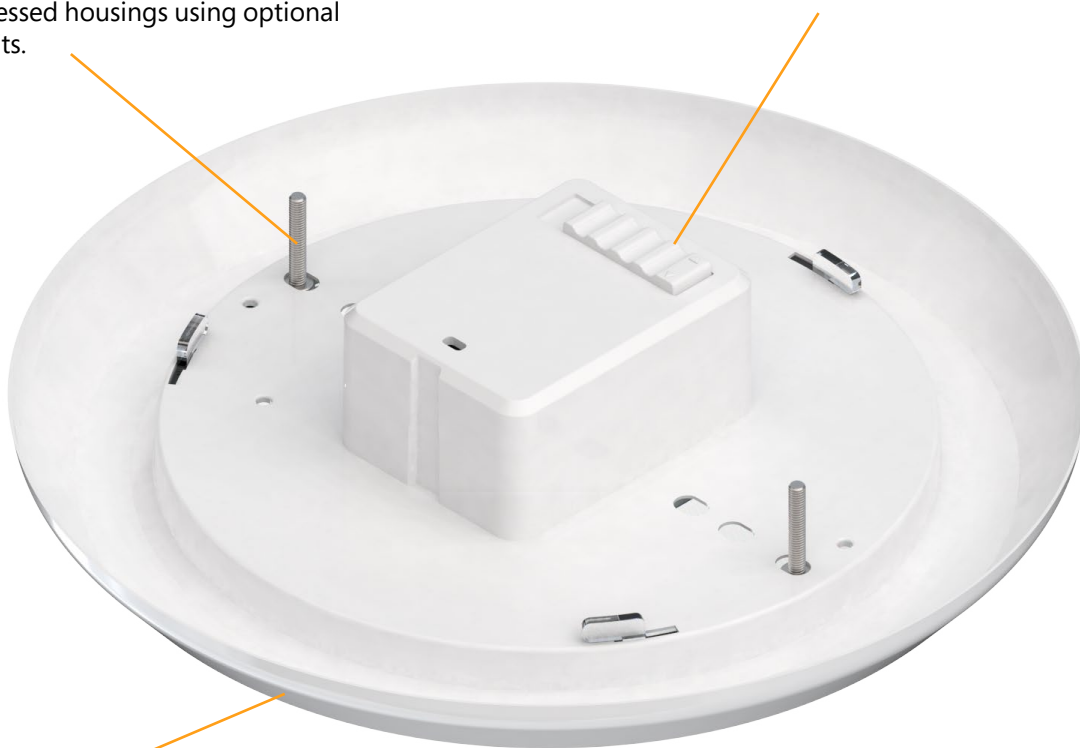

② Ease of Installation

Compatible with most standard J-Boxes for new construction or retrofitted onto existing recessed housings using optional accessory kits.

① Field Selectable

Integral CCT switch allows color temperature to be adjusted on the fly even after in-field installation.

③ Slim, Low Profile

Ultra thin and nonobstructive profile promoting a clean design aesthetic.

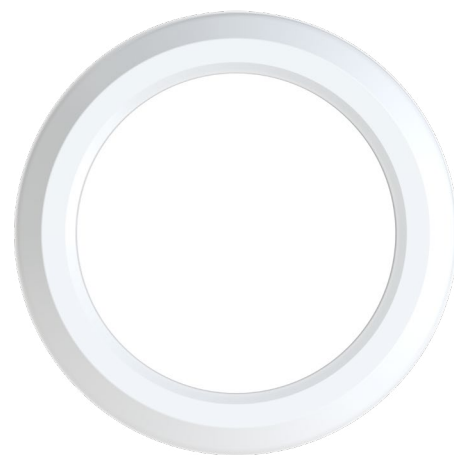

④ Uniformity

Custom engineered lens delivering light uniformity without compromising efficacy.

A Fresh New Look Without Breaking the Bank

Lumination Downlight's Eco Disk Series offers an affordable solution tailored to your surface mount downlight lighting needs. With a height profile of just under 1.35" inch, the LDED promotes a clean and inconspicuous design aesthetic to the ceiling space. Available in 4" and 6" round aperture with selectable CCT and universal voltage, the LDED is compatible with most standard J-Boxes for new construction and can be retrofitted into existing recessed housings using the optional retrofit accessory kits.
