

Prescolite downlight families are transitioning to TriGain[®] 90 CRI standard

Confidently mix performance & budget without sacrificing color quality or consistency across the entire project.

Prescolite's coordinated portfolio offers premium aesthetics & features where needed, value options where they fit, & a lineup that you can trust to work seamlessly every time.

TriGain[®]
technology

Superior Performance

Excellent color rendering & efficiency

Enhanced Color

Increased R9 ensures merchandise is rendered with vivid reds versus 80 CRI

Patented Technology

Superior patented & proprietary technology

Prescolite is your go-to downlighting portfolio
