

INSTALLATION INSTRUCTIONS

Wide Lens Accessory Kit

! WARNING Risk of Fire/Electric Shock

Turn power off before maintenance. Installation of this kit requires a person familiar with the construction and operation of the luminaire's electrical system and the hazard involved. If not qualified, do not attempt installation. Contact a qualified electrician.

Kit content

1) To remove the old lens from the light module, disengage the snap-in hooks on the ring adapter and rotate the adapter ring counterclockwise.(Fig .1)

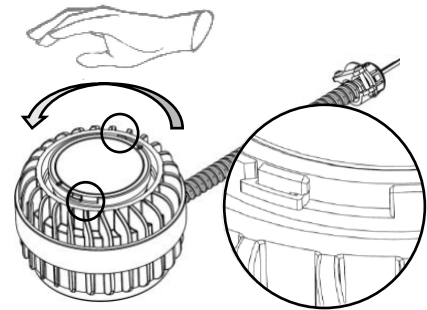

Fig.1

2) Remove the wide lens and adapter ring from the accessory kit and inspect the lens to ensure no dust particles are trapped inside.

Fig.2

3) To install the wide lens, insert the lens into the provided adapter ring (Fig .2) from the accessory kit and place it on the light engine. To fasten, rotate the adapter ring clockwise until both snap-in hooks are locked in place. (Fig .3)
