

INSTALLATION INSTRUCTIONS

STEP 1

To avoid the possibility of electrical shock turn off power supply before installing or servicing this fixture.

STEP 2

To remove the lens squeeze one end of the lens until you can reach under the center and pull the lens out.

STEP 3

To remove the cover remove the 4 screws and squeeze the cover to release.

LED components are accessible.

INSTALLATION INSTRUCTIONS (CONTINUED)

STEP 4

To reassemble reinstall the cover and replace the screws. Then install the lens by placing one edge into place and bending the other side to fit into place.

STEP 5

To reinstall lens, place one side of the lens against cover, squeeze lens and push up. Release lens and verify it is snug along housing.

STEP 6

Reapply power.
