

VIPER BOLLARD

With a stylish, architectural design, the Viper Bollard is the perfect compliment to the Viper Family of Area, Flood and Wall luminaires. Combined with exceptional performance, a selection of height options and a single or double head design, the Viper Bollard is scalable to any application.

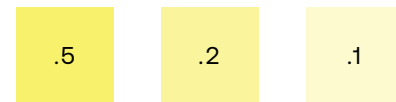

- Available in 24", 30", 36" and 42" heights
- Full cutoff Luminaire produces no light above 90 degrees, which makes all configurations U0
- Button Photocontrol, fusing and surge protection optional
- Adjustable baseplate to provide preferred fixture alignment, with up to 10-degrees of adjustment
