Arize Element® L400

HORT138

Greenhouses and Indoor Farms

The Arize Element L400 top light is an LED growing system for photoperiod extension or low DLI crops. The compact Element L400 delivers up to 550 $\mu\text{mol/s}$ with minimal shadowing, and radiates negligible heat compared to an HPS or CMH system, for year-round growing.

Optical System

Efficacy Range: 2.7 - 2.8 $\mu\text{mol/J}$

Spectrums: PPR, PPB

Ambient Temperature

TYPE

TEMPERATURE RATING

Operating Temperature 0°C to +40°C (32°F to 104°F)

Electrical

IP Rating IP66 & UL wet rated

Rated Lifetime

36,000 hour L90 per TM-21

Features

Low weight and novel installation method simplifies the mounting process

Modular design allows for the power supply to be mounted remotely, away from the fixture

Unique design and small footprint minimize shadowing, allowing more natural light through

Negligible heat radiation compared to HPS or CMH fixtures

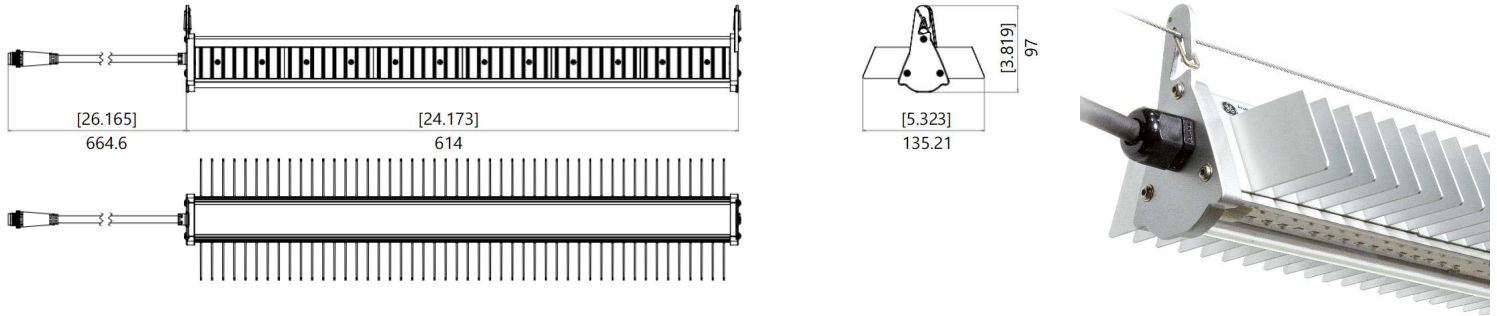

Impact-resistant design made of polycarbonate and aluminum

Certifications & Warranty

Five-year system warranty

Mechanical Outline

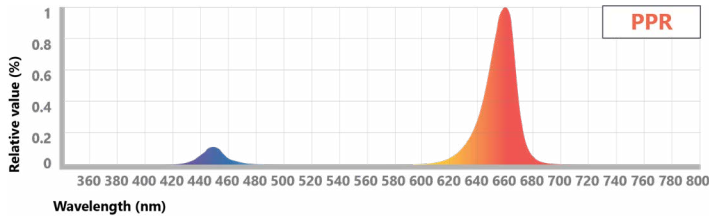

Dimensions in [inches]. Metric equivalent in mm.

Spectra

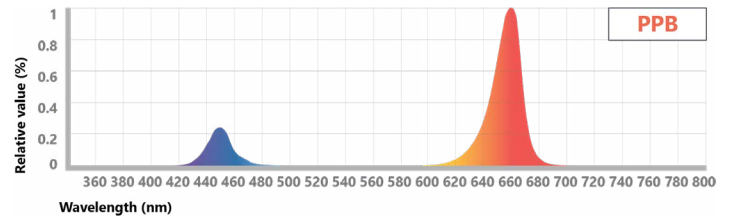

Type R

High red light to optimize plant growth and photosynthesis

Type B

Light that supports biomass and secondary metabolite production
